

Hi all,

On Wednesday the country celebrated our Queen becoming the UK's longest reigning monarch. In Winsham we celebrated the event with the **bells of St. Stephen's** ringing for 30 mins. in the early evening. A picture of the bell ringing team is shown above. Sent in by Bethany Fowler.

Another big event was the '**Last night of the Proms**', but more about that in the e-letter below. It was a very successful innovative idea, and no doubt the first of many using the Jubilee Hall's broadband ,sound and projection systems. While talking about the Jubilee Hall, the grant application for the new windows has been successful, and they will be installed in January.

A couple of other e-letter items that may attract your attention. With the children back at school, the **Winsham school weekly news letter** is available. The draft minutes of the September Parish Council meeting are also now available. There is quite a lot going on , and if you are interested in parish affairs you will find them of interest.

We think Smudge has found her way home, but not sure. Does anybody know for sure?

For those of you interested in **when high speed Broadband** will become available in Winsham, it looks as if it will be around the middle of 2016- according to two different sources. Not good, as there are some businesses in

the parish that are desperately needing the service, to say nothing of the Jubilee Hall and many private users of broadband who have been waiting far too long , and still have a further year to wait.

Have a good week.

John

WINSHAM E-LETTER

Yesterday evening some forty plus people watched at the Jubilee Hall the BBC's iconic 'Last night of the Proms' programme. The event was organised by St.Stephen's PPC and Jason Stevens, as part of a shared fund raiser in aid of the Tower Fund and the Winsham Community Resource Centre (old band hut!). This was the first real-time 'direct download from the Internet' event for the Jubilee Hall, and apart from a few minor 'buffering' problem, which will be eliminated when Winsham gets a high speed service next year, it was very successful.
