Hi All,

A bumper crop on new items for your attention this week. There is also some news about the prospect of better cell-phone reception for the village and parish. Planning approval has been granted for the installation of a new mast on a high spot on the Upper Rec., and with any luck it may happen during December. The e-letter will let you know when it is up and running.

Sadly John Gapper and Judith Robinson are leaving us, to live in Crewkerne. Both will be very much missed, and new arrangements need to be made for Neighbourhood Watch-which we will tell you about when we know what they are.

There has been a major up-date to the wild life area of the Web Museum. Renamed 'Natural Winsham' it includes a natural history diary of 2016 by Liz Earl. The super 'Bug's 'n' Bees' section created by Paul Smith has also been reinstated, after a major refurbishment. In fact the whole of the natural history gallery has had a major reorganisation. Have a look. These sections contain a wealth of information about Winsham's natural history.

Finally, a last minute addition . Judith and Simon Hill have received a well deserved award from the Voluntary Service Organisation, and you can see the YouTube coverage by clicking on the link in the e-letter. They have just completed two years in Nepal, during which there was the terrible earthquake.

Enjoy!

John

Children from Winsham Primary school dressed up in spots to raise money for Children in Need. As ever, all the children and staff rose to the occasion and wore the spottiest costumes ever. We've raised just over £56 so far which is great for a school with only 31 pupils.
