

# WINSHAM E-LETTER

*Jane Welters , a member of Winsham Hort. Soc. has sent in this picture of 'Datura Stramonium' , commonly known as 'Devils Trumpet' , which has made an appearance in a Winsham garden. It is very poisonous and also an hallucinogenic, and is used to tip arrow heads in the Amazon-not a lot of people know that! Not recommended for the herbaceous border or the vegetable plot. Doesn't do a lot for Rhubarb Crumble.*

Hi All,

It is really good to see how the Winsham Community Facebook seems to be gathering strength. Winsham has a great communications network, and the Community Facebook page is especially valuable as it reaches many who perhaps do not get round to reading the E-Letter or the Parish Magazine. This makes it especially relevant to the younger members of the community.

If you are an older reader who has not yet been tempted by Facebook, it is something to think about. It hasn't been getting very good press recently, but if you use it just to keep in touch with your friends and keeping in touch with our village community it is very good and very popular. It is the way of the future, or at least something like it.

Thanks to the generosity of Crewkerne Parish Council, is showing 'Paddington 2' on Sunday, September 9th, at their village hall. Organised by the Clapton & Wayford Film Society, admission is free of charge. The idea is to attract children although their parents will love it as well! **However, booking is essential. Click on the link below to see the details.**

That's it for this week. Into September, and we begin the run-up to Autumn and Christmas- now there's a thought for you to contemplate!

John
