

Hi all,

Do you like to know what's going on in the Parish? Things like new events planned, important Parish Council notices, impending road works, the R.Axe flooding, latest substantial additions to the Web Museum and the Parish Web Site such as Parish Council Agenda and Minutes.

Under the auspices of the Winsham Web Museum an e-mail newsletter has been launched, distribution limited to e-mail users in the parish or those very close to its boundaries. It is very brief, giving very basic information and, when appropriate, a pointer as to where more information can be found, if required. It is not be the sort of thing that I would expect that you would want to save. Glance through it, noting anything of interest and then dump it. If you do **not** want to receive it all you have to do is just let me know.

This idea is very much in the test stage and I have approached you because you are on my e-mail address list and live in Winsham or very nearby. Before launching the idea on the wider Winsham community I would be very grateful if you could be part of testing it to see if and how it can work over, say, a twelve week period. It would establish approx. how many newsletters would need to be sent over the period and if you found them of any help or interest. I will be asking you for feed-back during this initial period. You may also wish to let me know if there are any items that merit inclusion – but that is strictly optional.

Regards,

John Sullivan

Attached is the first one- hope you find it of interest.
