PRS for Music licences the use of copyright music across the UK, giving businesses and organisations the legal permission they need to play the music they want. These licences ensure that music publishers, songwriters and composers are fairly rewarded with royalties so they can keep making music - and mean that we're able to support music at events like this. For more information about PRS for Music or music licensing, visit www.prsformusic.com or call 0800 068 4828
